

Interest Groups

Last Updated Tuesday, 09 February 2010

IWCK members have formed a number of interest groups reflecting the varied activities of our current membership. Many of the groups have lasted several years, others come and go… So, if you are a member with a favourite activity not covered by our current groups, then feel free to set up your own!

Interest Groups are for members only (but you are permitted to sample one or two before deciding whether to join IWCK). To join a group, contact the IWCK office to get the phone number/e-mail address of the group leader. Most groups have a regular meeting time. Some meet at a particular location, many alternate meetings between the homes of various members. So, please be ready to host as well as to receive others’ hospitality!
